

ASCLS-CNE 71ST Clinical Laboratory Science Convention
Tuesday, May 7, 2019

Exhibits open 11:30am

	9:00-10:00am	10:30-11:30am	1:30-2:30pm	3:00-4:00pm
Chemistry	Biotin & the Impact on Test Results Alex Carrillo, PhD, MBA <i>Sponsored by Abbott Diagnostics</i>	The Point of Care Bridget Manning	Analyzing Your Data Tina O'Grady <i>Sponsored by Roche</i>	Clinical Utility of PSA Isoform in Prostate Cancer Management Monet N. Sayegh, MD <i>Sponsored by Siemens Healthineers</i>
Hematology	Evaluation of Neonate Anemia and Thrombocytopenia Martha Sola-Visner, MD <i>Sponsored by Siemens</i>	Diagnosis & Management of Sepsis Jeannine Holden, MD, MBA <i>Sponsored by Beckman Coulter</i>	Hematology Case Studies Using Digital Imaging Cindy Rogers, MT(ASCP) <i>Sponsored by CellaVision</i>	T-Cell & NK-Cell Lymphoproliferative Disorders Presenting With Peripheral Blood Involvement Diana Treaba, MD
Microbiology	Syndromic Testing Carla Lee Lau, MD, MPH <i>Sponsored by BioFire Diagnostics</i>	Hand Hygiene: Cross-sectional Study with Doctors of Chiropractic Caterina Miraglia, DC	The Invisible Danger of Foodborne Outbreaks Marc Roger Couturier, PhD <i>Sponsored by ARUP</i>	Interesting, Intriguing & Possible Disgusting Cases in Parasitology Marc Roger Couturier, PhD <i>Sponsored by ARUP</i>
Transfusion Medicine	RIBC IRL Case Studies John Connolly	Emerging Whole Blood Pathogens & the Risk to the Blood Supply Jeffrey M. Linnen, PhD <i>Sponsored by Grifols</i>	Blood Product Support in Trauma Meghan Colling, MD	Work-Up of Septic Transfusion Reactions Edward L. Snyder, MD
Forensic Science	Forensic Toxicology Robert Almeida, MS, D-ABFT-FT	The RI State Crime Lab & Blood Alcohol Case Studies Dennis Hilliard, MS	Recent Advances in Solving DNA Cold Cases in RI Cara Lupino, MS, CLS	The Role of DNA Databasing in Criminal Investigations Karen M. Lynch
Phlebotomy-AM/ Histology-PM	Managing Preanalytical Variables in Specimen Collection Leslie S. Magee, MBA, MT(ASCP) <i>Sponsored by BD</i>		Colorectal Cancer Dx Solutions: MMR IHC Panel Deepak Dibya, PhD <i>Sponsored by Roche Tissue Diagnostics</i>	Diagnostic Applications of the RNAscope RNA ISH Technology Rob Monroe, MD, PhD <i>Sponsored by Leica</i>
Luncheon Speaker 12:00-1:00pm	Yeast: Domestic & Wild- Owen Johnson, SB			

ASCLS-CNE 71ST Clinical Laboratory Science Convention
Wednesday, May 8, 2019

Exhibits open 8:30am

Keynote Speaker 9:00-10:00am	Device Addiction: Impacts on Work Performance and Learning Kathy Doig, PhD <i>Sponsored by Sysmex</i>		
	10:30-11:30am	1:30-2:30pm	3:00-4:00pm
Chemistry	How Serum Free Light Chains Aid in Diagnosis of Monoclonal Gammopathies Kevin J. Crawford, PhD <i>Sponsored by The Binding Site</i>	The Chemistry of Wine Phil Hoffman	
Hematology	Who Knew There Was So Much to Know About Retics? Kathy Doig, PhD <i>Sponsored by Sysmex</i>	Pursuing the Abnormal Peripheral Blood Smear II Karen A. Ferreira, MS, MLS	
Microbiology	STIs: From Established to Emerging Kasey M. Johnson, PhD <i>Sponsored by Hologic</i>	Antibiotic Stewardship Steven E. Cagas, PhD <i>Sponsored by Roche Diagnostics</i>	Cervical Health Today: An Evidence-based Journey to Informed Patient Care Chris L. McGowin, PhD <i>Sponsored by Roche Diagnostics</i>
Transfusion Medicine	Pathogen Reduction: A Proactive Approach to Improving Blood Product Safety Joanne Meisner <i>Sponsored by Cerus</i>	TAD: The “Quantum Cheshire Cat” of Transfusion Associated Adverse Pulmonary Sequelae Chester Andrzejewski, MD	Preanalytical Errors in Laboratory Testing Cynthia Brawley, MHA, MT(AMT) <i>Sponsored by Sarstedt</i>
Management	The Efficiency Project: Patricia Neybold <i>Sponsored by Sysmex America</i>	Laboratory Stewardship: Really Happening Harvey W. Kaufman, MD, MBA <i>Sponsored by Quest Diagnostics</i>	
Molecular Diagnostics	Clinical Applications of NGS in Hematologic Neoplasms Habibe Kurt, MD	Introduction to Bioinformatics: Analysis of Next Generation Sequencing Data Ece Uzun, PhD	An Introduction to DNA Sequencing From 1st Generation to Next Generation & Beyond Nimesh R. Patel, MD
Luncheon Speaker 12:00-1:00pm	Medical Cannabis: The Basics- Elizabeth Dost, RN		
Vendor Reception	4:00pm-5:30pm ALL ARE WELCOME!		

ASCLS-CNE 71ST Clinical Laboratory Science Convention
Thursday, May 9, 2019

Exhibits open 8:00am

	9:00-10:00am	10:30-11:30am	1:30-2:30pm	3:00-4:00pm
Chemistry	Understanding the Benefits of High Sensitivity Troponin Lenette Walters, MS, MT(ASCP) <i>Sponsored by Beckman Coulter</i>		Skills for the 21st Century Tom Manos <i>Sponsored by Beckman Coulter</i>	
Hematology	Flow Cytometry in Hematolymphoid Neoplasms Olga Weinberg, MD	Laboratory's Role in Evaluation of Heparin-Induced Thrombocytopenia Sandra J. Daniels, MT(ASCP) <i>Sponsored by Instrumentation Laboratory</i>	Skills for the 21st Century Tom Manos <i>Sponsored by Beckman Coulter</i>	
Microbiology	It's CLIA-Waived so Nothing Can Go Wrong, Right? Norman Moore, PhD <i>Sponsored by Abbott Rapid</i>	Enteric Disease in the US Norman Moore, PhD <i>Sponsored by Abbott Rapid</i>	Skills for the 21st Century Tom Manos <i>Sponsored by Beckman Coulter</i>	
Transfusion Medicine	Clinical Case Conference: Immune Mediated Hemolytic Anemia Anne Eder, MD, PhD	Computer System Validation: When, How & How Much Marcia Gilbert	Inter-Professional Relationships Linda Levinus-Rockwood, MLS(ASCP)	
Management	Be Prepared: Tips and Tools for a Successful CAP Inspection Joan Rose, MT(ASCP)SH		Skills for the 21st Century Tom Manos <i>Sponsored by Beckman Coulter</i>	
Student Forum	Student Forum Meeting Isaiah Bruce Student Forum President		Mock Certification Exam	
Luncheon Speaker 12:00-1:00pm	The Opioid Epidemic 2019: What's New? James V. McDonald, MD, MPH
