

ASCLS-CNE 75th Clinical Laboratory Science Convention Monday, March 13, 2023			
Opening Keynote Speaker 9:00-10:00am	The Lab Leadership Journey- Navigating the Three Stages of a Lab Leaders Career Path Tammi Germini <i>Sponsored by Quest Diagnostics</i>		
	10:30-11:30am	1:30-2:30pm	3:00-4:00pm
Chemistry/General	The Title is Vaginitis: The Good, the Bad and the Anerobic Carlee Schaefer, PhD <i>Sponsored by Hologic</i>	Advanced QC Strategies: Westgard Sigma Rules Sten Westgard, MS <i>Sponsored by Beckman Coulter Inc.</i>	CLIA 2024: The Impact on New Regulatory Changes on Laboratory Quality Sten Westgard, MS <i>Sponsored by Beckman Coulter Inc</i>
Hematology	Peripheral Blood Morphologic Abnormalities in Clinical Practice Dragos C. Luca, MD	The Hunt for Residual Cancer: Measurable Residual Disease in Hematological Malignancies John L. Reagan, MD	Hematology Buying Guide: Selecting the Right Platform Matt Keane MLS(ASCP)
Microbiology	State Health Laboratories are Central to Public Health Repsonses Glen Gallagher, MLS(ASCP) ^{cm} PhD	Brief Window of susceptibility of Early Stage Plasmodium Falciparum Gametocytes Christian Nixon, MD	Is Climate Change Affecting the Geographic Range of Naegleria Fowleri and Primary Amebic Meningoencephalitis? Caterina Miraglia, DC
Transfusion Medicine	Transfusion Reaction Essentials: What you need to know from suspicion to diagnosis Kristen Ruby, DO, MPH	Advantages and Challenges in Becoming a Blood Depot Kathleen Rafferty, MT(ASCP)	Platelets for the Refractory Patient Eric Senaldi, MD
Luncheon Speaker 12:00-1:00pm	Cannabis Meets Medicine Meets Analytical Chemistry. Stuart Procter PhD, PureVita Labs		

ASCLS-CNE 75th Clinical Laboratory Science Convention

Tuesday, March 14, 2023

	9:00-10:00am	10:30-11:30am	1:30-2:30pm
Chemistry/General	Enhanced Liver Fibrosis (ELF) Test: Role in Relieving Unmet Challenges Arising from the Non-Alcoholic Steatohepatitis (NASH) Epidemic Steven A. Noel, PhD, DABCC <i>Sponsored by Siemens Healthcare Diagnostics, Inc.</i>	The Role of Data in Pre-analytic Quality Improvement Kevin Forbes <i>Sponsored by Abbott</i>	Empowered Communications Cherie V. Peterson <i>Sponsored by ARUP</i>
Hematology	Case Studies Utilizing Digital Imagery Daniel Scott Malone, BS, MT(H)ASCP <i>Sponsored by Cellavision</i>	Hemoglobinopathies: A Concise Review and Case Studies Karen Ferreira, PhD, MS MT (ASCP)	Pre-analytical Pitfalls in Hemostasis Testing & Strategies for Preventing Them LaShanta Brice, DCLS, MLS(ASCP) ^{cmSH^{cm}} <i>Sponsored by Diagnostica Stago, Inc</i>
Microbiology	Searching for the Solution in Syndromic Situations: A Juxtaposition of a Joint Infection Diagnostic Journey Alexa Diranian, MS, PA-C Stephen Vella, PhD <i>Sponsored by BioMerieux</i>	Beyond the Microscope: The Essential Role of the Microbiology Laboratory in Patient Care Sara Geffert	Is it Influenza, Pneumonia... or Both? Norman Moore, PhD <i>Sponsored by Abbott</i>
Transfusion Medicine	Screening Blood Donors for Infection Risk: Updates and Emerging Diseases Anne Eder, MD PhD	MSM and Blood Donation Richard Kaufman, MD	Adverse Reactions: Dropping Counts after Transfusion Raisa Balbuena-Merle, MD, MHS
Closing Keynote Speaker 3pm to 4pm	Leadership – Maximizing your Personal Assets Jane Hermansen MBA, MLS(ASCP) <i>Sponsored by Mayo Laboratories</i>		
Luncheon Speaker 12:00-1:00pm	The Value of Medical Laboratory Science Preceptorship Maddie Josephs MS, MLS(ASCP)
